

Chevron Lubricants Premium Brands

Being part of the Chevron family enables access to a complete line of quality engine oils, transmission fluids, gear oils, antifreeze/coolants and fuel additives that meet or exceed major OEM specifications through the Havoline®, Delo® and Techron® brands. All products are backed by Chevron's Product Warranty – it's our quality promise.

HAVOLINE AND SUPREME PASSENGER CAR ENGINE OILS

The product tiers in the Havoline and Supreme line meet or exceed demand trends, customer preferences and the latest industry standards. Each tier has differentiated protection and performance as demonstrated through product claims, descriptive names and package colors.

✓ Number of checkmarks indicates relative performance level.

+ Leader in performance as demonstrated against industry standards.

++ Leader in sludge protection as demonstrated by industry sequence VH engine deposit test.

*Against sludge, varnish and deposit. **Low Speed Pre-Ignition.

HAVOLINE ANTIFREEZE/COOLANTS

Recommended for all American, European and Asian cars, trucks and vans, including hybrid engines as well as gasoline or diesel. Both Havoline Xtended Life and Universal have a service life of 5 years/150,000 miles.

HAVOLINE AUTOMATIC TRANSMISSION FLUIDS

Premium quality and proven performance for modern continuously variable transmissions (CVTs) and automatic transmission fluids for 6+ speed as well as a wide variety of domestic and imported vehicles.

TECHRON POUR-IN FUEL ADDITIVES

Every bottle of Techron helps clean and protect your customer's engine, optimize performance, and maximize fuel economy.

- Techron Complete Fuel System Cleaner helps maximize fuel economy and restores lost power and performance in gas-powered passenger cars and light duty trucks. Use every 3,000 miles.
- Techron High Mileage is formulated to clean and protect from corrosion, restore power and performance, and maximize fuel economy vehicles with over 75,000 miles. It also helps stabilize fuel for up to 24 months.
- Techron Diesel is a one-tank cleanup solution for diesel-powered autos, pickups, sprinter vans or RVs. Use every 3,000 miles.

DELO HEAVY DUTY DIESEL ENGINE OILS

Delo heavy duty engine oils are formulated for on and off highway application, including greenhouse gas compliant (GHG 17) diesel engines.

Delo has proven to not only meet but beat industry standards for durability, reliability and efficiency. Tests prove again and again, that Delo engine oils help:

- reduce the deposits that can lead to high oil consumption and the need for premature engine overhaul,
- ensure the dependable operation of your vehicles and equipment through the drain interval and beyond,
- keep your engine clean to help improve uptime.
